Selected 2015 Enacted Kansas Legislation

Amnesty

House Bill 2109 authorizes a tax amnesty for penalties and interest relative to certain delinquent taxes provided such taxes are paid in full from September 1, 2015, to October 15, 2015. The amnesty applies to privilege, income, estate, cigarette, tobacco products, liquor enforcement, liquor drink, severance, state sales, state use, local sales, and local use taxes. The amnesty is limited to penalties and interest applied to liabilities associated with tax periods ending on or before December 31, 2013.

Cigarette Tax

House Bill 2109 increases the cigarette tax by \$0.50 per pack (from \$0.79 to \$1.29 per pack) on July 1, 2015. An inventory tax equivalent to the rate increase is applicable for all cigarettes on hand as of July 1 and is due and payable by October 31.

The bill creates a new tax, effective July 1, 2016, on the privilege of selling or dealing electronic cigarettes at a rate of \$0.20 per milliliter of consumable material and a proportionate tax on all fractional parts thereof.

Gambling

House Bill 2155 creates the Kansas Charitable Gaming Act (Act) and amends the Kansas Lottery Act. The Act includes changes to the Bingo Act and creates new law concerning the regulation of charitable raffles. The bill also makes participation in fantasy sports leagues legal by including such sports leagues in the list of exceptions to the definition of what constitutes an illegal bet.

Income Tax

Senate Bill 270 decelerates individual income tax rate reductions scheduled for future years. The tax year 2015 rates of 2.7 percent for the bottom tax bracket and 4.6 percent for the top tax bracket will now remain in effect through tax year 2017. The rates are set at 2.6 percent and 4.6 percent for tax year 2018. A special formula that could provide additional income tax rate relief as early as tax year 2021 is amended to relax the current trigger (2 percent growth in most State General Fund [SGF] tax receipts) to 2.5 percent plus a further adjustment to account for growth in certain Kansas Public Employee Retirement System expenditures.

A special low-income exclusion provision will become applicable in tax year 2016 that generally eliminates all positive income tax liability for single filers with taxable income of \$5,000 or less, and for married taxpayers filing jointly with taxable income of \$12,500 or less.

House Bill 2109 changes the Kansas itemized deductions retroactive to January 1 (the start of tax year 2015). With the exception of charitable contributions, mortgage interest, and property taxes paid, all Kansas itemized deductions are repealed. The current changes in the percentage that may be deducted (“haircuts”) being phased in for mortgage interest and property taxes paid relative to the amount that otherwise is allowed for federal income tax purposes is accelerated such that the final 50 percent haircut currently scheduled for tax year 2017 is effective immediately for tax year 2015. (Charitable contributions remain fully deductible for Kansas taxpayers able to itemize at the state level, as under current law.)

The bill restores, effective for tax year 2015, a tax credit that previously had been available for certain individual development account (IDA) contributions. That credit had been discontinued beginning in tax year 2013, pursuant to repeal in 2012 legislation.

The Rural Opportunity Zone (ROZ) program, which provides an income tax exemption and the repayment of certain student loans for certain individuals who establish residency in selected

counties, is extended for five additional years. The program had been scheduled to sunset in tax year 2017 but now will not sunset until tax year 2022.

The bill creates a special subtraction modification from federal adjusted gross income in calculating Kansas adjusted gross income for the net gain from the sale of Christmas trees.

The legislation requires an individual claiming a tax credit to have a valid Social Security number for the entire taxable year for which the tax credit is claimed. An exception to this requirement is provided for military spouses in the case of married taxpayers filing jointly.

The bill revises, effective for tax year 2015, an income tax subtraction modification for certain pass-through non-wage business income to require that guaranteed payments from businesses are counted as income in determining Kansas adjusted gross income.

Liquor Tax

House Bill 2223 makes changes to several different areas of law concerning alcoholic liquor: infusing alcohol with flavors or other ingredients; citations issued for violations of the Liquor Control Act and the Club and Drinking Establishment Act; powdered alcohol; automated wine devices; eligibility to obtain a liquor license; consumption of alcohol at the State Capitol and on unlicensed premises; allowing distributors to provide samples; vineyard permits; notification requirements for catered events; the consumption of alcoholic liquor on public property at events catered by a licensed caterer; the location of liquor retailers, microbreweries, microdistilleries, and farm wineries; temporary permits for the Kansas State Fair; and farmers' market sales permits.

Property Tax

Senate Bill 91 provides a property tax exemption for the life of property that is actually and regularly used to generate electricity using renewable energy resources or technologies if the facility files an application for an exemption or received a conditional use permit on or before December 31, 2016.

Senate Bill 270 states that beginning in 2018, cities and counties are prohibited from adopting, absent mandatory elections, portions of their budgets funded with revenues from certain property tax increases. Generally, cities and counties in 2018 will be authorized to increase property taxes at the rate of inflation plus for a number of other exempt purposes (including costs associated with new infrastructure, certain property taxes levied for bonds and interest, certain road construction costs, special assessments, costs associated with federal or state mandates, and payment of judgments) prior to the triggering of the election mandate.

Sales Tax

Senate Bill 270 increases the statewide sales tax and use tax rate from 6.15 percent to 6.50 percent on July 1, 2015.

State Government

Senate Bill 109 creates the Kansas Disaster Utilities Response Act. The bill relieves requirements for out-of-state businesses and employees to register, file, or remit state or local taxes and/or be subject to state licensing or registration normally required.

Selected 2015 Enacted Kansas Legislation

Motor Vehicle Legislation

House Bill 2109 requires the Department of Revenue to mail a copy of motor vehicle registration applications to owners, including all information required to register and pay by return mail. Counties are authorized to conduct mailings these requirements on their own as an alternative to the state procedure.

Miscellaneous

Senate Bill 101 amends the Kansas Transportation Network Company (TNC) Services Act (Act), enacted in 2015 House Sub. for SB 117, which became effective on publication in the Kansas Register on May 14, 2015. The bill modifies the definition of a TNC; makes changes to the required actions by a TNC prior to permitting an individual to act as a driver on its digital network by removing language regarding local and national criminal background check requirements on the Kansas Bureau of Investigation (KBI) and eliminating the requirement that the individual provide proof of comprehensive and collision insurance coverage for personal vehicles subject to a lien; replaces the list of events outlined in current law disqualifying an individual as a TNC driver with an expanded list of disqualifying events; modifies language regarding the disclosure provided by a TNC to its TNC drivers in the prospective drivers' written terms of service with regard to lienholders' interests; requires a TNC driver to ensure the insurance coverage required by a lienholder on a vehicle used to provide TNC services is in effect; and removes obsolete language referencing an undefined Commission.

House Bill 2331 makes changes to laws concerning eligibility for concealed carry licenses and to statutes concerning local regulation of firearms and ammunition.

House Bill 2391 revises the Kansas Civil Service Act. To the existing list of unclassified positions specified in the Act, the bill adds persons in newly hired positions, including any employee who is rehired into a position and any current employee who voluntarily transfers, or is voluntarily promoted or demoted, into an unclassified position.

Homestead Property Tax Refunds

The Homestead Refund is a rebate of a portion of the property taxes paid on a Kansas resident's homestead. Your refund percentage is based on your total household income. If you own your home, the refund is a percentage of your general property tax. If you rent your home, a percentage of the rent paid for occupancy is used as the property tax amount. (*Effective Tax Year 2013, renters will no longer qualify for this refund.*) In Tax Year 2013, the maximum refund was \$700 and the maximum household income was \$32,900. In Tax Year 2014, the maximum refund was \$700 and the maximum household income was \$33,400.

In 2008, the legislature enacted the Selective Assistance for Effective Senior Relief (SAFE SENIOR), which is a property tax refund program administered under the provisions of the Kansas Homestead Act. The refund is a percentage of the general property tax paid or to be paid. In Tax Year 2013, the maximum household income was \$18,600. In Tax Year 2014, the maximum household income was \$18,900. A claimant may receive either a Homestead or a SAFE SENIOR refund, but not both.

*Distribution for 5/7/12 included the comparison between the 1st quarter (Jan-Mar) of calendar year 2012 and the calendar year of 2003 divided by four (\$15,148,902.42). This distribution also included a comparison of the withholding from the Kansas State Universities for the calendar year (Jan-Dec) of 2011 and the base year of 2003 (\$3,357,741.68). This distribution was reduced due to 2011 Senate Substitute for House Bill 2014 (section 191) to meet the FY 12 transfer limitation of \$35M which shall take into consideration the \$1M transfer made to The Center of Innovation for Biomaterials in Orthopaedic Research-Wichita State University. Total distribution for 5/7/12, \$18,506,644.10 was reduced by \$18,506,644.10 with actual distribution of \$0. Reduction includes \$15,148,902.42 for bioscience companies which represents the 1st quarter of 2012 and \$3,357,741.68 for state universities (2011).								
*Distribution for 8/8/12 included the comparison between the 2nd quarter (Apr-Jun) of calendar year 2012 and the calendar year of 2003 divided by four (\$12,287,266.72). This distribution was reduced due to 2012 House Substitute for Senate Bill 294 (section 156) which instructs for FY 2013 the first \$1M shall be transferred to the Center of Innovation for Biomaterials in Orthopaedic Research-Wichita State University.								
*Distribution for 8/8/12 was reduced further due to 2012 House Substitute for Senate Bill 294 (section 156) which instructs for FY 2013 the next \$5M shall be transferred to the National Bio Agro-Defense Facility Fund at Kansas State University.

	*Distribution for 11/13/12 included the comparison between the 3rd quarter (Jul-Sep) of calendar year 2012 and the calendar year of 2003 divided by four (\$14,761,107.44). This distribution also included a reconciliation for bioscience companies for 2010 (\$14,696,398.10). This distribution was reduced due to 2012 House Substitute for Senate Bill 294 (section 191) transfer to meet FY 13 limitation of \$35M which shall take into consideration the \$1M transfer made to the Center of Innovation for Biomaterials in Orthopaedic Research-Wichita State University and the \$5M transfer made to the National Bio Agro-Defense Facility Fund at Kansas State University. Total distribution for 11/13/12, \$29,457,505.54 was reduced by \$6,744,772.26, with actual distribution of \$22,712,733.28. However 2013 Senate Bill 171 was passed in May 2013. It further limited the aggregate amount to be transferred from the state general fund to the bioscience development and investment fund to \$12,287,267 (which includes the \$1M transferred to the Center for Innovation for Biomaterials in Orthopaedic Research-Wichita State University and the \$5M transfer made to the National Bio Agro-Defense Facility Fund at Kansas State University) for the fiscal year ending June 30, 2013. Therefore the actual distribution of \$22,712,733.28 was never made.								
	*Distribution for 2/8/13 included the comparison between the 4th quarter (Oct-Dec) of calendar year 2012 and the calendar year of 2003 divided by four (\$15,649,275.34). This distribution was reduced due to 2012 House Substitute for Senate Bill 294 which limits the aggregate amount to be transferred from the state general fund to the bioscience development and investment fund to \$35M for FY 2013. This shall take into consideration the \$1M transfer made to the Center of Innovation for Biomaterials in Orthopaedic Research-Wichita State University and the \$5M transfer made to the National Bio Agro-Defense Facility Fund at Kansas State University. Total distribution for 2/8/13, \$15,649,275.34 was reduced by \$15,649,275.34 with actual distribution of \$0. Reduction includes \$15,649,275.34 for bioscience companies which represents the 4th quarter of 2012.								
	*Distribution for 5/10/13 included a comparison of the withholding from the Kansas State Universities for the calendar year (Jan-Dec) of 2012 and the base year of 2003 (\$3,817,911.48). This distribution was reduced due to 2012 House Substitute for Senate Bill 294 to the FY 13 transfer limitation of \$35M which shall take into consideration the \$1M transfer made to the Center of Innovation for Biomaterials in Orthopaedic Research-Wichita State University and the transfer of \$5M to the National Bio Agro-Defense Facility Fund at Kansas State University. Total distribution for 5/10/13, \$13,495,166.37 was reduced by \$13,495,166.37 with actual distribution of \$0. Reduction includes \$9,677,254.89 for bioscience companies which represents the 1st quarter of 2013 and \$3,817,911.48 for state universities (2012).								
	*Distribution for 5/10/13 was not made due to 2013 SB 171, Section 268 which provides that the amount distributed for FY 13 shall not exceed \$12,287,267. Therefore, the first distribution in FY 2013 was the only one made.								
	*Distribution for 11/12/14 included a comparison between the 3rd quarter (Jul-Sep) of calendar year 2014 and the calendar years of 2003 divided by four (\$7,919,641.97). This distribution also included a reconciliation for 2012 (\$16,383,941.40).

* Distribution for 5/21/14 included the comparison between the 1st quarter (Jan-Mar) of calendar year 2014 and the calendar year 2003 divided by four (\$8,777,098.95). This distribution also included a comparison of the withholding from the Kansas State Universities for the calendar year (Jan-Dec) of 2013 and base year (Jan-Dec) of 2003 (\$1,884,705.64). The distribution for 5/21/14 was reduced due to the FY 14 cap limitation of \$10M. 2013 Senate Bill 171, Section 268, limits the aggregate amount to be transferred from the state general fund to the bioscience development and investment fund to \$10M for FY 14. This shall take into consideration the transfer of \$1M to The Center of Innovation for Biomaterials in Orthopaedic Research-Wichita State University and the transfer of \$5M to the National Bio Agro-Defense Facility Fund at Kansas State University. Total distribution for 5/21/14, \$10,661,804.59 was reduced by \$10,661,804.59, with actual distribution of \$0. BIOSCIENCE INITIATIVE

The 2004 Kansas Legislature created the Kansas Economic Growth Act to foster the growth of bioscience businesses in Kansas, to make Kansas a national leader in bioscience, and to make Kansas a desirable location for bioscience entities to locate and grow.

Bioscience is defined in K.S.A. 74-99b33(c) as, “the use of compositions, methods and organisms in cellular and molecular research, development and manufacturing processes for such diverse areas as pharmaceuticals, medical therapeutics, medical diagnostics, medical devices, medical instruments, biochemistry, microbiology, veterinary medicine, plant biology, agriculture, industrial, environmental, and homeland security applications of bioscience and future developments in the biosciences. Bioscience includes biotechnology and life sciences.”

Biotechnology means those fields focusing on technological developments in such areas as molecular biology, genetic engineering, genomics, proteomics, physiomics, nanotechnology, biodefense, biocomputing and bioinformatics and future developments associated with biotechnology. (K.S.A. 74-99b33(h))

Life sciences means without limitation, the areas of medical sciences, pharmaceutical sciences, biological sciences, zoology, botany, horticulture, ecology, toxicology, organic chemistry, physical chemistry and physiology and any future advances associated with the life sciences. (K.S.A. 74-99b33(k))

This bioscience initiative is funded by 95% of the current year Kansas withholding taxes in excess of 95% of the base year taxation (2003) from all bioscience companies and employees employed by state universities associated with bioscience research.

Kansas Bioscience Companies

The Emerging Industry Investment Act (K.S.A. 74-99b33(d)) has defined bioscience company as follows: “a corporation, limited liability company, S corporation, partnership, registered limited liability partnership, foundation, association, nonprofit entity, sole proprietorship, business trust, person, group or other entity that is engaged in the business of bioscience in the state and has business operations in the state, including, without limitation, research, development, sales, services, distribution or production directed towards developing or providing bioscience products or processes for specific commercial or public purposes but shall not include entities engaged in the distribution or retail sale of pharmaceuticals or other bioscience products. The authority and the secretary of revenue shall jointly determine whether an entity qualifies as a “bioscience company” based on verifiable evidence. One of the factors that shall be considered is whether a company has been identified by the department of labor by one of the following NAICS codes: 325411, 325412, 325413, 325414, 325193, 325199, 325311, 325320, 334516, 339111, 339112, 339113, 334510, 334517, 339115, 621511, 621512, 541710, 541380, 541940 and 622110. Such company shall be presumed to be a bioscience company unless the authority and the secretary of revenue agree, based on verifiable evidence, that the company is not engaged in the business of bioscience in the state. A company identified by another NAICS code may be determined to be a bioscience company by the authority and the secretary of revenue based on verifiable evidence that the company is engaged in the business of bioscience in the state.”

Kansas State Universities

The Emerging Industry Investment Act (K.S.A. 74-99b33(o)) has defined state universities as, “state educational institutions as defined in K.S.A. 76-711, and amendments thereto, and the municipal university as defined in K.S.A. 74-3201b, and amendments thereto.”

State educational institution means the university of Kansas, Kansas state university of agriculture and applied science, Wichita state university, Emporia state university, Pittsburg state university, and Fort Hays state university.” (K.S.A. 76-711(a))

Municipal university means Washburn university of Topeka or any other municipal university established under the law of this state. (K.S.A. 74-3201b(c))

The Kansas Department of Revenue and the Kansas Bioscience Authority have worked closely to determine the Kansas bioscience companies. Should a company be registered with the Kansas Department of Revenue with one of the appropriate NAICS codes as provided in K.S.A. 74-99b33(d), such company shall be presumed to be a “bioscience company”, and all Kansas withholding for employees employed by this bioscience company shall be included as bioscience data. It is assumed that the company has reported the NAICS to KDOR as is on file with the Department of Labor.

A company identified by another NAICS code may be determined to be a “bioscience company” by the Kansas Bioscience Authority and the Secretary of Revenue based on verifiable evidence that the company is engaged in the business of bioscience in the state. These companies have been identified under the “other” category.

K.S.A. 74-99b34 allows the state treasurer to make estimated payments to the Kansas Bioscience Authority. The Department of Revenue computes the quarterly estimated payments based on withholding deposit reports submitted to the Department by bioscience companies within a quarterly period. Withholding from the Kansas state universities is computed on an annual basis. Reconciliations are prepared periodically.
